

PRODUCT CODE
DESCRIPTION **YT-1818 Nano Efficient Auxiliary Stabilizer****PHYSICAL STATE** White powder, non-toxic, odourless, non-flammable,
water-insoluble.**FUNCTIONS** Nano-reaction, fully compounded.**SUBSTANTIAL**
PERFORMANCE ✓ Improve the efficiency of polymerization reaction,
improve impact strength, flexural strength and
tensile strength of recycled materials.
✓ Effectively prevent polymer degradation from
hydrolysis.
✓ Easier to process, better quality.**DOSAGE** 0.1~0.2 phr**INTERNATIONAL**
QUALITY STANDARDS
COMPLIANCE**PACKAGING** 20 kg carton**STORAGE** • Store in a dry place to avoid moisture.
• Avoid sunshine or it may affect the quality.
• Keep away from fire and pay attention to stock safety.
